

ABSTRACT**INTRANASAL COMPOSITIONS**

5 The present invention provides compositions for the intranasal administration
of zolpidem or a pharmaceutically acceptable salt thereof. Preferred
compositions of the invention are in the form of aqueous solutions. Optionally
the compositions of the invention comprise a cyclodextrin and/or chitosan, a
salt or derivative thereof or a salt of a derivative of chitosan. The compositions
10 can be used for the treatment or prevention insomnia or the treatment of
neurological disorders such as those arising from brain trauma, stroke and
spinocerebellar ataxia or in the treatment of Parkinson's disease.
